Summary

I am an enthusiastic problem-solver with a deep passion for mathematics and computer science. I enjoy learning and tackling challenges that require me to apply my interpersonal skills and technical know-how, as well as those that provide opportunities for personal growth. Moreover, I am always ready to face any challenges.

Educations

🎓 MSc. in Machine Learning and Artificial Intelligence Stellenbosch University, South Africa	Jan. 2024 – Nov. 2024
🎓 Msc. in Mathematical Sciences – Fundamental Sciences African Institute for Mathematical Science, Limbé Cameroon CGPA: 3.52/4	Sep. 2022 – Jun. 2023
🎓 MSc. in Mathematics and Applications – Fundamental Mathematics Faculty of Science, University of Fianarantsoa, Madagascar Overall average: 14.25/20	Jun. 2019 – Jan. 2024
🎓 Bsc. in Mathematics and Application – Fundamental Mathematics Faculty of Science, University of Fianarantsoa, Madagascar Overall average: 14.83/20	Nov. 2015 – Apr. 2019
🎓 Baccalaureate in Technology in Industrial Engineering Technical High School Beravina Fianarantsoa, Madagascar Overall average: 13.08/20	Sep. 2012 – Jul. 2015

Publication and Talks

- 📄 Florian Luca and Jean Lucien Randrianantenaina, "There Is No Carmichael Number of the Form $2^n p^2 + 1$ with p prime", *INTEGER*, Volume 23 (2023) [🔗](#).
- 💬 Talk at AIMS Cameroon, 2023: "Fermat last theorem, with $n=4$ " Presented to AIMS Cameroon students. Supervised by Prof. Dr Hans Georg Rück, Universität Kassel.

Research experiences

- 🔧 **Recomender System on the 25M and 100k MovieLens dataset (Report)** 2024
Building a movie recommender system using Matrix Factorisation with Python/Numpy/Scipy. Exploration of algorithm like ALS, SGD, BPR.
- 🔧 **Optimizing U-net architecture for brain tumour segmentation, using Genetic Algorithm (Msc. Thesis)** 2023
Proposing the usage of genetic algorithm to optimize the hyperparameters of the U-net Architecture.
Supervisor: Dr Aurelle Tchagna Kuanou (U. of Buea Cameroon) and Dr Joelson Randriamparany (U. Fianarantsoa)
- 🔧 **Carmichael Number (Msc. Thesis)** 2023
Exploring the concept of Carmichael Numbers and proving the non existence of a Carmichael Number of the form $2^n p + 1$, with p prime.
Supervisor: Prof. Florian Luca (U. of Wits, South Africa)
- 🔧 **Radical resolution of a polynomial Equation (BSc. Project)** 2019
Exporation of radical resolution method and explaining why there is no general formula to solve a polynomial equation of degree higher than five.
Supervisor: Prof. Solo Randriamahaleo (U. of Fianarantsoa)

Skills

Programming

Python R SageMath
JavaScript MySQL HTML
CSS \LaTeX

Library/Framework/Runtime

Numpy Scipy Pandas
Scikit-Learn PyTorch
Tensorflow Matplotlib
Django Flask Bootstrap
NodeJs

Language

 English ● ● ● ● ● ●
 French ● ● ● ● ● ●
 Malagasy ● ● ● ● ● ●

Personal Projects

-  **MK-Forum**  2023
Creation of a forum dedicated to mathematics, using HTML, CSS/Bootstrap, and JS for the front-end, and Python/Django and MySQL for the back end. The project includes user account management, posts, comments, and a voting system.
-  **FCryptos**  2023
Implementation of various cryptographic systems using Python, like Shift cypher, Vingenere cypher, SPN, RSA, and ENIGMA machine.
-  **Unbeatable TicTacToe**  2022
Implementaion of the Tic-Tac-Toe game using HTML, CSS and JavaScript. It has an automated computer player that uses a combination of random placement and min-max algorithm to make each move depending on the chosen level.
-  **Pendu Malagasy**  2022
Implementation of the hangman game using Tkinter an Python. The list of words is Malagasy by default but can be changed easily.
-  **Bellman Kalaba GUI**  2021
Implemation of a graphical interface for graph representation and short-path finder with the Bellman-Kalaba algorithm with Tkinter/Python.

Extracurricular

- ★ **Business Management (One month)** 2023
ESMT Berlin, II Africa, IIP – Limbé, Cameroon
- ★ **Back-end developer (Six months)** 2022
SAYNA & OIF: DCLIC Program 1.0 – Fianarantsoa, Madagascar
- ★ **Probabilistic and statistical modeling in epidemiology and environment** 2021
CIMPA – Fianarantsoa, Madagascar

Prizes/Awards/Scholarships

-  Fully funded Master's Program in ML and AI: DeepMind Scholarship. 2024
-  Industry Immersion Program (IIP) Scholarship: AIMS, II Africa, ESMT Berlin. 2023
-  Fully Funded Master's Program, AIMS Cameroon: Mastercard Foundation in Cameroon. 2022
-  Fully Funded D-CLIC 1.0 Program: SAYNA and International Organization et de la francophonie (OIF). 2022

Interests

-  Hiking, Football, Guitar, Malagasy AI
